

# HASU'S 2024/2025 Voice **Priorities**

## Based on Student Feedback

**1**

**Hold the university accountable to their policy on minimising Wednesday afternoon academic commitments**

**2**

**Work with our security staff to improve student experiences**

**3**

**Work with Student services and Estates to investigate and address any mould concerns in student accommodation, advocating for our students to determine the extent of the problem and a plan for a full resolution.**
